

Looking for an experienced Psychiatrist to join our team!

We are looking for a Psychiatrist to join the team of highly qualified professionals in the treatment of persons with serious mental illness. The Psychiatrist serves as a team member in providing services in accordance with the client's individual treatment plan to encourage positive behavioral change. The Psychiatrist will assume medical decision-making responsibilities in the assessment and management of behavioral health and substance related disorders of clients referred to them.

This is a great opportunity for an experienced Psychiatrist who wants to be a part of an established agency that is dedicated to leadership and improving the lives of the people we serve.

Qualifications:

- MD or DO degree with the completion of an accredited psychiatric residency training program plus experience working in managed care settings; working with clients who have serious mental disorders, and other Substance-Related Disorders.
 - Licensed by the Arizona Board of Medical Examiners.
 - Must have current DEA Certificate.

About COPE and Tucson:

COPE is located in Tucson, AZ, a community surrounded by beautiful mountain ranges, state parks, and sunshine year-round. Big city attractions, with a small-town heart—Tucson features an abundance of outdoor activities, hiking trails, and award-winning golf courses. The community is a vibrant oasis in the desert full of art and culture and was the first city in the United States to be designated UNESCO's City of Gastronomy—with plenty of award-winning culinary options to choose from.

Our mission is to provide best practice-based, integrated physical and mental healthcare to improve the health and well-being of each person and community we serve. Our vision is to create opportunity for recovery by providing an integrated system of care that is client, family and community-focused, and culturally competent.
