The Arizona Psychiatric Society and “PRMS” Professional Risk Management Services, are excited to provide this practice risk management webinar.

### Educational Objectives

- Know the common allegations associated with prescribing medication
- Implement 3 strategies to minimize the risks when prescribing controlled substances
- Incorporate discussion of off-label use with patient into the informed consent process

**This event is free for all attendees. Please contact Ashley Schnock, APS Executive Director, ASchnock@azmed.org, if you need any assistance registering or have any questions regarding the webinar.**
